Carnival for Joint Pain Awareness Day 10-12-2016

The Hong Kong Pain Society organized a Carnival for Joint Pain Awareness Day at the Belcher Bay Park in Kennedy Town on 10 December 2016 in collaboration with the Hong Kong Pain Foundation and supported by many organizations. This is one of the events to celebrate the 10th anniversary of the setting up of the Hong Kong Pain Society. The Joint Pain Day aims at promoting healthy activities and health education to the public on prevention and relief of pain. There were a variety of health promoting workshops, educational talks, health screening, medication consultation, games and singing. The event was well attended and we had a great sunny enjoyable day with lots of fun for over 200 participants.
