

# Annual Scientific Meeting 2017

With theme of “Pain Management Programme for Chronic Pain Patients”, the Annual Scientific Meeting was successfully held on 30<sup>th</sup> Nov-1<sup>st</sup> Dec 2017. Over 90 delegates have registered the symposium and around 30 delegates for the workshops, members are from allied health care divisions, nurses and doctors working in field of pain management. All participants are impressed by the pain management models presented by the speakers, including the INPUT team from UK, as well as the local faculty.
